Non-Responsive Amendment

1. The reply filed on 6/16/2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has labeled the figures 4-5 as "Conventional Structure" and stated that there is no Prior art as such for applicant's claimed invention. Applicant has not admitted to prior art in reference to figures 4-5. Applicant has stated that "it is purely hindsight to apply applicant's own teachings to substantiate any obviousness rejection". Such response leaves open the public use, public disclosure and public sale question regarding the "conventional structure". Applicant's response is silent in this regard, leaving the examiner missing critical data in order to evaluate the claims as to patentability. Accordingly, in conformance to Rule 105, applicant is requested to provide in response to this letter, information as to when, if any, the conventional structure of figures 4-5, as disclosed, was 1) in public use, 2) on public sale, 3) disclosed to the public or in any otherwise manner is pertinent under 35 USC 102(a) through 102(g) inclusive. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
